

Carlton's Early Years Foundation Stage

See overleaf for the list of dates

The first five years are fundamentally important in a child's life. They are what ultimately shapes a child's future.

At Carlton our aim is to give every child the best opportunity and support to thrive and develop as learners.

Our EYFS provision considers and addresses each individual child within a secure safe learning environment both inside and outside. The open-planned layout of the Nursery and Reception classes allows children to immerse themselves in their play and encourages a workshop-style ethos where provision crosses over between the indoor and outdoor classrooms.

Carlton Primary School

Children will develop an enquiring mind and enjoy being challenged

Children will be taught by committed staff who are ambitious for all children

Children will become successful, resourceful and resilient learners

Children will be happy and proud of their achievements and who they are

Children will be prepared for the next step in their learning

"The school promotes pupils' spiritual, moral, social and cultural development well. This ensures pupils leave Carlton as well-rounded youngsters who have every chance of success in the next phase of their education" – Ofsted 2015

"Children work in a collaborative and supportive manner, relationships are very good and learning behaviour is excellent. Children are very responsive and polite –to each other and to adults" – Collaborative enquiry May 2016
