## PE Sport Premium Funding Review 2017-18

### Total Amount Received:

**Breakdown of Funding Use:** See Action/Impact grid as this is only a summary of some key points.

### Summary:

### How this year's PE funding has impacted the students of Carlton Primary School?: Examples...

\*Regular and Additional swimming provision has allowed 46% of Year 6 pupils to reach the 25M standard, compared to 0% at the start of Year 4.

\*Children have access to an additional hour of organised physical activity (see below)

**Overall Swimming Statement:** By the end of 2017-18, 24 of 52 Children (46%) could swim 25M, from 0% at their start of Y4. 14/52 Children could swim it using more than 1 type of stroke and 5/52 children could complete a safe self-rescue (documented by swimming coaches)

### Impact on Participation:

\*Over 80 girls from Carlton (Y2-Y6) have worked with a cricket coach over the year, during additional lunchtime training sessions.

\*New clubs have been set up to increase the breadth of sport provision (Dance/Gymnastics) and participation has been high: Over 45 children involved in 2 dance clubs and a further 25 students in a Summer Term gymnastics club. Both of these clubs were run by professional dance/gymnastics specialist coaches.

### Improvements made this academic year:

\*The biggest improvement this year has been the creation of an "organised sport" LSA role during each of the 3 separate playtimes (Y1/2, Y3/4, and Y5/6) as well as lunchtimes. This has allowed ALL children to access 2 additional 30min organised physical activity sessions each week, on-top of the 2hr standard PE provision. Within this, the children have played a range of games/sports, which have both linked to their PE units and to Camden School Sport Association (CSSA) events.

### Sustainability:

\*While reviewed for **IMPACT** each year, all activities set-up through funds from the PE and Sport Premium either are, or have the capacity to be embedded as part of the school core PE offer. Each year the **IMPACT** of training/activities are assessed to see if they deliver value for money for our

students, adjustments made, and new actions introduced to keep moving the PE and Sport provision further.
