

Year 4 Home Learning Project

Choose 2 of these activities to complete at home with your family. Try to make sure at least one activity is a 'Create' one!

Knowledge

Electricity; What appliances do you have at home that work from electricity? (create a table with pictures)

Also write a paragraph to say where we get our electricity from.

Create

Create a diagram or model to represent a working electrical circuit. How many components can you put in it?

Understanding:

Research how electricity moves from our power stations to an appliance in your home. What journey did it take.

With that understanding create a story about that electricity - Your little bit of electricity might be called bolt or lightning for example.

Apply

Use your knowledge of dates to make a chronological timeline of inventions. This must include at least 10 and think about the time spaces between your dates.

Create

Create your own model/sculpture of Iron Man from the Ted Hughes novel..

All to be completed and handed in by Tuesday 12th February
